SurFix Bit Holder / AutoLock Bit Holder / U-Shape Adapter to grip on hexagonal surface firmly

NOW

- One hand operation, just push bit into lock & pull ring up to release, fast and easy bit change.

Length (page 6)

- 60L
- 75L (3")
- 150L (6")
- 300L (12")
- 450L (18")

- SurFix AutoLock design for any type of hex bits C6.3 & E6.3, even works with nonstandard notch especially.
- Grips on smooth surface firmly, without tolerance and never slip.
- The first one bit holder exceeds GS standard to 71 N.m.

U-Shape Adapter

Special hexagonal adapter w/ U-Shape clamp for any 1/4" hexagonal shank.

U-shape clamp:
Material: CR-V

- 1/4" x 1/4" 12mm dia.
- 3/8" x 1/4" 17mm dia.
- 3/8" x 5/16" 17mm dia.
- 3/8" x 5/16" 22mm dia.
- 1/2" x 5/16" 22mm dia.

SurFix Bit Adapter

exchange easily & solid coupling

Manual (CR-V)

Manual:
Material: CR-V

- 1/4" x 1/4"
- 3/8" x 1/4"
- 3/8" x 5/16"
- 3/8" x 10mm
- 1/2" x 5/16"
- 1/2" x 10mm

Solid Work

Interchangeable

Huge cost

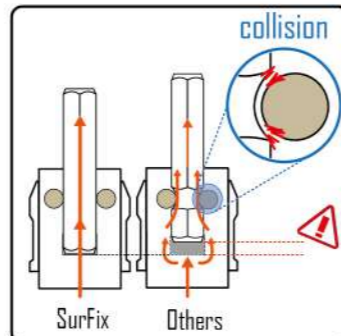

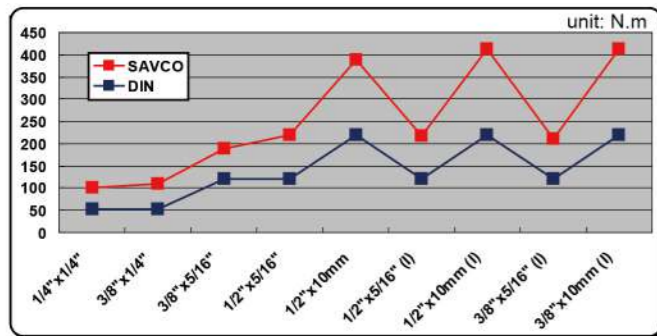

w/o AutoLock

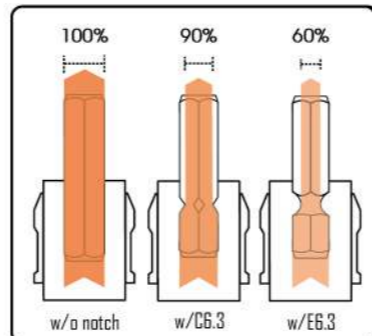

Machined (CR-MO)

Machined:
Material: CR-MO

- 1/2" x 1/4"
- 3/8" x 5/16"
- 3/8" x 10mm
- 1/2" x 5/16"
- 1/2" x 10mm

SurFix Super Torque Flexible Ratchet Driver

More powerful torque and convenient than socket wrench

SurFix Autolock design for firmly holding ALL 1/4" hex shank types/ lengths, especially nonstandard notch bits. (S53)

Push bit in & locked automatically
Pull ring up to release

AutoLock design w/ magnetic for bit both secure and release function just by one-touch with ease. (S43)

2 pairs of rigid ratchet parts offers powerful torque than socket wrench. (30 teeth gear) (S53 , S43)

Elegant turning cap for clockwise, neutral and counterclockwise function.

Unique swivel joint and snap-lock mechanism is suitable for various applications.

Chamber for bit storage. (S53 , S53M)

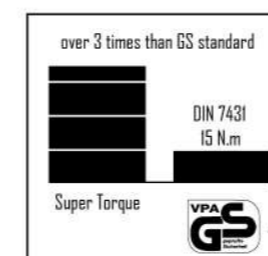

S53

S43

S53M

- 3 more times of ratchet torque is higher than German Standard DIN 7431 15 N.m.
- CR-VA Forged Ratchet and fully tempered of magnetic bit holder for durability.
- ABS shock-proof and cold-resistant handle, non-slip comfortable cushion of grip in 2 tone colors.

6, 7, 8, 9, 10, 11, 13mm

Retractor Screwdriver / MagicRatch Driver w/ ATD

The length more than your imagination

Particular lathing shape makes length adjustment easily and 6 retractable increments for work in confined area.
EB shank Min 65mm to Max 165mm
SE shank Min 70mm to Max 135mm

Pair of inclined design at the bottom of adapter to prevent damage from being collided. Magnetic bit holder for ALL 1/4" hex bits.

Quick-release of button lock mechanism for adjustable length.

Elegant shift knob for clockwise, counterclockwise application. The simplest & riskless ratchet structure. (EB)

- The simplest ratchet & powerful torque design meets German standard requirement. (DIN 7431 15 N.m.)
- ABS shock-proof & cold-resistant handle, non-slip comfortable cushion of grip in 2 tone colors.
- Special design for hollow, deep, and limited space.
- Unique ATD design provides more torque from wearing out of large torque fastener, for mechanical and wooden screws especially. (EB)
